Newcastle Upon Tyne

FRONT-END DEVELOPER

Detail-oriented and enthusiastic Front-End Developer with a strong foundation in HTML, CSS, and JavaScript. Committed to creating visually appealing and responsive websites while ensuring a seamless User Experience(UX). Eager to leverage my skills to contribute to dynamic and innovative Web Projects while continuing to learn and grow in the field.

SKILLS AND EXPERTISE

Front-End Development	Tailwind CSS	Git	Python
JavaScript	SQL	Prompt Engineering	Communication
React.js	Problem Solving	Figma	Collaborative Team Player
DataStructures	Trello	Firebase	Adaptability

PROFESSIONAL EXPERIENCE

Northumbria University

January 2023 - May 2023

Project Communication Leader and Front-End Developer

In my role as the Communication Lead, I played a pivotal role in ensuring effective collaboration within the team. My responsibilities included facilitating clear and timely communication, coordinating project timelines, and ensuring that everyone's input was valued. This role allowed me to develop essential leadership and teamwork skills, as I bridged the gap between team and Client, fostering a harmonious and productive work environment.

Accomplishments:

- I had the opportunity to work as part of a dynamic team of five individuals on a significant project.
- Developed a Cross platform mobile application for Northumbrian Water, aimed at facilitating the efficient maintenance of their assets.
- Integrated Firebase as the database solution to ensure seamless data management and real-time updates.
- leveraged my expertise in JavaScript and React Native, utilising the Expo framework for testing and deployment.

TRAINING AND CERTIFICATIONS

- | | | |
|--|--|--|
| • JavaScript Essential Training.
LinkedIn (June 2023) | • The Ultimate HTML5 and CSS3.
Code With Mosh (July 2023) | • Introduction to Prompt Engineering for Generative AI.
LinkedIn (September 2023) |
| • AWS Fundamentals.
Coursera (September 2020) | • Introduction to IoT
Cisco Networking Academy (October 2019) | |

EDUCATION

NORTHUMBRIA UNIVERSITY

2022-2024

Master of Science in Advanced Computer Science with Advanced Practice

- Developed a Cross Platform Mobile Application for NWL to manage their Assets.
- "Human and Computer Interaction" This module taught me how to tackle real-world issues by leveraging technology to enhance people's lives.
- Worked on realtime crime data, Visualise that data by using Correlation techniques and by using machine learning models found out which city has the highest crime rate.

VELTECH RANGARAJAN DR.SAGUNTHALA R&D INSTITUTE OF SCIENCE AND TECHNOLOGY

2017-2021

Bachelor of Technology in Computer Science and Engineering - FIRST CLASS

- Laid the foundation for fundamentals of Computer Science.
- Gained in-depth understanding on Data Structures.
- Practiced on several programming languages such as C, Java, Python.
- Experienced the Query Language by learning DBMS (Data Base Management System).
- Solid understanding on Computer Networks and Operating system.
- Experienced on OOP(Object-oriented programming) and Software life cycles techniques.

HOBBIES

Playing and Watching
Cricket.

Reading Books.

Listening songs.

Cooking.

ACCOMPLISHMENTS

- **Runners-** VelTech University Cricket Tournament Runner.
- I had the opportunity to attend the 'Northumbria Enterprise Experience Weekend' in which I collaborated with various individuals, from different courses at Northumbria, in pitching a new business idea to an audience. This experience has been incredibly beneficial for furthering my understanding of the world of business and for improving my presentation skills.

VOLUNTEER EXPERIENCE

- Served as a Program Representative between students and faculty at Northumbria University
 - Student Volunteer for Rashtriya Swayamsevak Sangh (RSS).
 - Currently a member of Darsi Rotary Club Volunteer.
-
